

### **WHO WE ARE**

Modo is about transforming communities by connecting people with places in an affordable, convenient, inclusive and sustainable way. We are a pioneer in the carshare sector. In fact, we were the first to open shop in Vancouver and Victoria back in 1997. Modo has remained the only member-owned carshare co-operative – driven by people – and fueled by our desire to create more livable communities by reducing our collective dependency on car ownership. Our promise is to provide exceptional value, convenience, choice and an enjoyable carsharing experience. Modo's employees take pride in being part of an inclusive, passionate, and growing team.
